

# LENOVO L15 MOBILE MONITOR

CRAFTED TO CATCH YOUR ATTENTION

**BALANCING WORK AND LEISURE  
WITH AN ULTRA-PORTABLE MONITOR**

For users who are constantly on the move, engaged in some work from home, or busy studying in a crowded dormitory, the ultra-portable Lenovo L15 mobile monitor makes perfect sense. Weighing only 860 g<sup>1</sup> with an ultra-slim 6mm head thickness and an integrated stand, the L15 is easy to carry around and fits on the corner of a multipurpose table or shelving unit. With its 15.6-inch screen, the L15 is a handy 'second screen' that gives you flexibility whether you are taking notes while attending online lectures or simply binge-watching your favorite content. It easily connects to Notebooks of any screen size via a USB Type-C<sup>2</sup> cable, and power pass-through support lets you charge the PC and power the monitor simultaneously. With eye care technology to prevent eye strain and Lenovo Artery software<sup>3</sup> to control settings, the L15 delivers an uncomplicated and delightful experience.

## FEATURES OF LENOVO L15 MOBILE MONITOR

### One Display for Everyone

The FHD 1920 x 1080 resolution makes your display experience, whether watching videos or browsing web-pages, a pleasurable one. The In-Plane Switching (IPS) panel offers impressive screen clarity and wide viewing angles of up to 178°, which make for distortion free images no matter where you place it. The 3-side Super Narrow Bezel look premium and provide wider screen real-estate for optimum use, so you can view content without distractions.

### Connectivity with Convenience

The L15 comes equipped with two USB Type-C<sup>2</sup> ports, which have data, power, audio, and video transfer capabilities—a single-cable solution for your connectivity needs. The USB Type-C port supports power pass-through, up to 65W<sup>4</sup>, to charge your notebook or smartphone and power the L15 simultaneously. This keeps your study corner clear of troublesome snaking cables, offering a clutter-free desk space. Exclusive Lenovo Artery software<sup>3</sup> provides advanced and assistive tools to help you seamlessly manage and control your L15 monitor and other devices.

### Stylish and Purposeful

Sleek design—enhanced by the arctic grey casing and raven black narrow front bezels—makes for wider screen space in a premium package. Ultra-slim build with height adjustment lets you carry it with ease and position the display at eye level atop a desk so you can enjoy multimedia or engage in learning anytime, anywhere. Harmful blue light emissions are reduced with the L15's TÜV Rheinland Low Blue Light technology so users can comfortably binge content or get work done without eye strain.

<sup>1</sup>Actual weight may vary due to components, manufacturing process and options.

<sup>2</sup>USB Type-C<sup>®</sup> and USB-C<sup>®</sup> are registered trademarks of USB Implementers Forum.

<sup>3</sup>This software can only be used with Windows 10.

<sup>4</sup>Listed as maximum capacity of power delivery. Actual capacity of power delivery may vary depending upon devices connected or monitor configuration, and may decline with downstream USB ports connected or higher brightness setting.

Depending on many factors such as the processing capability of peripheral devices, file attributes, and other factors related to system configuration and operating environments, the actual transfer rate using the various USB connectors on this device will vary and is typically slower than the data rates as defined by the respective USB specifications: - 5 Gbit/s for USB 3.1 Gen1; 10 Gbit/s for USB 3.1 Gen2 & 20 Gbit/s for USB 3.2.
